BIOMATRIX SHIELD

A NEW EVOLUTION OF SELF-CARE WELLNESS

The Reality

Recently, concerns have been raised about the link between mobile phone radiation and health issues. Mobile phones emit surprisingly strong EMR & EMF radiation, especially from the receiver. When we talk, we hold the phone close to our heads and, at times, with direct contact onto our heads. This results in EMR & EMF radiation penetrating our body.

In recent years, increased awareness of the effects of EMR & EMF radiation has been a public concern. Overexposure to EMR & EMF radiation may do the following:

- » Cause headaches, insomnia, and depression
- » Cause various eye diseases.
- » Influence people's well-being and biological responses
- » Have effects on the cognitive functions of humans
- » Affect the immune system.

What is the Uniwave Biomatrix Shield by Quantes Technology?

The Uniwave Biomatrix Shield is a unique wellness solution that protects your body from the harmful effects of electro-smog exposure from mobile phones, computers, laptops, and televisions.

Your Biomatrix Shield goes wherever you go by discreetly attaching to your electronic devices. Thus, the Uniwave Biomatrix Shield will help those affected by electro-sensitivities and act as a preventative measure for your future protection.

Using a unique nano stealth technology is an essential radiant absorbent and EMF/EMR harmonizer.

This technology helps to absorb and eliminate harmful EMR/EMF radiation emitted from electronic and mobile devices.

Uniwave by Quantes Technology Key Benefits:

1. Reduce detection by harmonizing electromagnetic waves from radars
2. This technology can neutralize the EMR & EMF Radiation
3. 360-degree protection with smart scalar wave technology

Biomatrix Shield Key Benefits

1. Restores balance & harmony in the body
2. Harmonize harmful EMF and EMR
3. Strengthens the body's biofield
4. Reduces cellular inflammation
5. Regulates body temperature

Dr Om Gandhi (University of Utah) shows how radiation penetrates the skull 5 year old children absorb 10 times more EMR & EMF radiation than an adult.

Biomatrix Shield usage guidelines:

How Many BioMatrixShield™ (BMS)?	Where Do I Stick the BioMatrixShield™ (BMS)?
Mobile Phone 1 BMS	1 BMS centered on the center of the back cover of the phone
Cordless Phone 2 BMS	1 BMS on base station, 1 BMS on phone, both close to antenna
Desktop Computer 2 BMS	1 BMS on computer tower (top, front, or side), 1 BMS on display monitor (centered on top or bottom)
Laptop Computer 1 BMS	1 BMS top-centered on the outside of the display panel
Automobile 2 BMS	1 BMS on driver side dashboard, 1 BMS on passenger side dashboard
Vacuum Cleaner 2 BMS	1 BMS on handle, 1 BMS on housing
Toaster 1 BMS	1 BMS on front (centered)
Alarm Clock 1 BMS	1 BMS on front-face or top of alarm clock
Coffee Maker 1 BMS	1 BMS close to on/off switch
Game Station 2 BMS	1 BMS centered on top of console, 1 BMS on bottom of each control unit
Television 2 BMS	1 BMS centered above TV screen, 1 BMS centered below TV screen
Refrigerator 2 BMS	1 BMS each on top and bottom center of refrigerator front
Microwave 2 BMS	1 BMS each on top left and right front corners, close to door seals
Hair Dryer 1 BMS	1 BMS on any flat surface of dryer
