ENERGIZED ALKALINE WATER FLASK & WATER STICK

In reality

Clean water or healthy living water is a fundamental necessity for human beings to stay hydrated, yet in today's fast-paced world, many individuals fail to consume sufficient water, often wondering why they experience health issues as a result.

(Dead Water)
Plain Distilled Water
There was no organised form or crystalline structure

(Healthy Living Water)
Energised Water (10 min)
Same distilled water energised by Uniwave Alkaline Water Flask & Water Stick by Quantes Technology

DISCOVER UNIWAVE BY QUANTES TECHNOLOGY:

- Rejuvenation of cells
- Trigger the production of stem cells for new cell formation
- Provide optimum energy for the healthy lifestyle

FUNCTIONS:

- 1. Living Water Transformation:** Transforms regular water into “living water” for improved blood circulation, enhances the body’s energy level, reduces inflammation and gives us anti-ageing effects.
- 2. Alkaline Balance:** Neutralizes acidity, ensuring a balanced pH level, particularly beneficial for smokers and alcohol consumers.
- 3. Antioxidant Power:** Transforms water into a potent antioxidant, combating diseases with an ORP of -380mV to -400mV.
- 4. Enhanced Hydration:** Reduces water molecule size for superior cellular hydration, aiding in detoxification and metabolism.

THE RESULTS:

- Energises water to enhance nutritional uptake
- Reduce lethargy
- Aids in detoxification of cells
- Reduce the acidity in the body
- Maintain pH level
- Treat acid reflux
- Increases energy and well-being
- Help in weight loss
- May overcome skin problems
- Enhance the immune system
- Helps to reduce the effects caused by environmental stress
- Reduce the oxidative stress in the cells
- Prevent the formation of Free Radicals
- Act against cancer cells
- Regulate the blood pressure
